## Seen & Heard Around MURRAY

Life presents all kinds of difficulties for which we are not always prepared.

Take the case Wednesday when a group of lovely ladies decide to go out to the Calloway County Country Club and play golf.

Did any of them figure they would be scared out of their wits before the day was well on its way? Was anyone prepared to run a 100 yards in seven seconds? Of course not.

It happened this way. Just as three ladies started to tee off, they looked up and what do they see standing in the fairway giving them the once over. A big yellow bull. He would look this way and then the this way was the three ladies who were about to tee off and the that way was three other ladies further out on the golf course.

He just couldn't make up his mind who to chase and finally decided on the ladies further out. Every one was standing transfixed waiting for the bull to make up his mind. But when he finally did make up his mind all pandemonium broke loose. Ladies scattered in all directions.

## Commissioner Bell Speaker For Rotary

Commissioner of Parks Robert Bell was the speaker yesterday for the Murray Rotary Club. He was introduced by P. J. Cole, Rotarian and Manager of Kenlake State Park.

Commissioner Bell recognized the "competitor relations" day of Rotary by pointing out that competition is a way of life in America. He said competition exists between nations, states and business men. We even have competition between the state parks in Kentucky, he continued.

Competition to a point is good, between state parks, Commissioner Bell told the Rotarians, because the ultimate result is that visitors to these parks will benefit.

Bell pointed out that Kentucky is in an excellent position to receive visitors from other states, since it cuts through much of the Eastern part of the United States, thus the state receives much enroute traffic.

"We not only want to get out of state visitors to see our parks," Bell said, "but we also want to make them so attractive that Kentuckyans will also visit them."

He said that one-half of the overnight visitors in the parks are from Kentucky. Those who use the facilities during the daytime are mostly from Kentucky, he continued.

Commissioner Bell spoke in favor of the proposed bond issue which will be on the ballot in November. He pointed out that in the past two or three years Ohio had approved a \$700 million dollar bond issue, Rhode Island \$20 million, West Virginia \$200 million, North Carolina \$300 million, Illinois \$470 million. These bond issues were specifically, in some cases, for college building expansion, or for highway expansion.

He said that the state must be in position to have matching funds for Federal money which is set aside for these purposes.

"It makes good sense," he concluded, "that if we can approve \$176 million and through matching funds, let this grow to nearly one billion dollars."

Guest of P. J. Cole was Philip Anderson, manager of Kentucky Dam State Park. Nix Crawford was a guest of Ray Brownfield, Dick Friend of Paducah was a visiting Rotarian. The guest of Max Hart was James Johnson.

Johnson, executive secretary of the Murray Chamber of Commerce, presented P. J. Cole with a certificate for "his outstanding service to the community."

## Quick Work By City Firemen Last Night Halts Truck Fire

Quick work by the Murray Fire Department averted a near disastrous fire last night at 6:30 p.m. when the brake drums on a large gas tanker caught fire on a truck in front of the Holland Drug Company.

Firemen used the booster to extinguish the flames and to cool the brake drums afterwards. The driver of the truck released the air on his brakes and was able to continue on his journey.

The gas tank was loaded with about three or four thousand gallons of gas; and if the fire had not been put out by the firemen, a fire may have occurred.

## Murray High Is In Poor Shape, Coach

This week has proved to be disastrous for the Murray High Tigers as they prepare to meet the Bowling Green Purples tonight in Bowling Green.

Coach Ty Holland reported yesterday morning that the boys are in very poor condition for the game. Co-captain Tony Thomas, Duke Dubia and Steve Doran are all nursing bad colds. Scott Duguid and Eddie West have bruised knees and will not be able to see much action if any.

The Murray coaches hope to get these boys in shape for the important game with Trigg County here on October 8.

Game time in Bowling Green tomorrow night is 7:30 o'clock. Admission prices will be 50c and \$1.00. The Black and Gold Marching Band will perform at the game. The Student Council is sending a 27 passenger bus and many local fans are expected to make the trip.

## Truck To Be Here To Pick Up Clothing

The Church World Service truck from New Windsor, Maryland, will be in Murray early next week to pick up clothing collected in Murray churches, according to announcement made by Mrs. Charles Crawford, chairman of the drive sponsored by the United Church Women.

The individual churches are asked to have their collections boxed and tied and delivered to the central pick-up location which is the Parish House just west of College Presbyterian Church, before Monday, October 4. Each box should be labelled identifying the church from which it comes.

The budget for the 1965 United Fund Campaign was adopted last night by a large group representing the participating agencies. President Robert Moyer presided at the meeting which was held at the Murray City Hall at 6:30 p.m.

The 1965 budget is the highest in the history of the local United Fund and amounts to \$29,077.00. Last year's budget totaled \$23,300.00.

President Moyer reported to the group that each participating agency in the United Fund for the 1964 campaign would receive all the funds which were budgeted for that campaign. In other words each of the fifteen agencies which participated in last year's campaign will get all of the money which they were promised at the beginning of the campaign last year.

He also reported that the budget committee had approved every request which was made this year.

The campaign this year will begin on October 20 with the advance gifts committee and the kickoff for the regular campaign will start on November 4. The drive is expected to be completed by November 22.

Following are the participating agencies this year and the amount which they requested. The amount budgeted in the 1964 campaign for the old courthouse was not repeated this year.

Largest increases approved for this year's campaign were the Boy Scouts who requested an additional \$3,300. Cancer Fund an additional \$1,200. Murray Hospital an additional \$1,000 and Handicapped Children an additional \$777.

## Quotes From The News

By UNITED PRESS INTERNATIONAL

VATICAN CITY — American Paulist priest Father Thomas Strassky, commenting on a document before the Ecumenical Council which makes unprecedented overtures of friendship to the Hindu, Buddhist and Moslem faiths:

"This is the first time that a conciliar statement has looked not just to the Jews but to the Moslems, Hindus and Buddhists and has spoken of the presence of God among these people."

TOKYO — Mayor Peng Chen, of Peking, ranting against U.S. policies in a speech recorded in Tokyo:

"The ambitions of America have exceeded those of Hitler, Mussolini and Tojo in their times."

UNITED NATIONS — A high U.S. official, maintaining that the Indian-Pakistani cease-fire is relatively effective:

"Both India and Pakistan have accepted the cease-fire, whatever reservations they may have. They are honorable countries, and the history of the cease-fire, despite minor incidents here and there, compares favorably with that of other cease-fires."

MONTGOMERY, Ala. — Gov. George C. Wallace, during a speech to the state legislature announcing his intention to run again for governor if a state ban against succession is removed:

"The name Alabamian has come to stand for honor and determination... a fortitude, patriotism... that is the talk of millions across this nation."

# The Rest & News

The Almanac

by United Press International  
Today is Friday, Oct. 1, the 27th day of 1965 with 91 to follow. The moon is approaching its first quarter.

The morning star is Jupiter. The evening stars are Venus, Mars, and Saturn.

American Novelist Faith Baldwin was born on this day in 1893.

On this day in history:

In 1903, the first baseball World Series got underway at Boston with the Boston American League team playing the National League team from Pittsburgh. Boston won.

In 1908, Henry Ford introduced the Model T Ford.

In 1938, German troops crossed into the Sudeten area of Czechoslovakia.

In 1962, James H. Meredith Jr. became the first Negro to register at the University of Mississippi.

A thought for the day — Writer Anne Morrow Lindbergh said: "One can never pay in gratitude; one can only pay in kind somewhere else in life."

By COURT ORDER

Not only is such an operation dangerous, but often it doesn't even do any good.

That made sense to the judge, who ordered the motorist to pay for her disability in addition to paying for her injury.

Yet, the motorist did have a point worth weighing. Is it the wrong-doer's fault if you, as the victim, don't make a reasonable effort to get well? In all fairness, the law has to draw a dividing line between harm truly caused by the wrongdoer and harm truly caused by your own neglect.

For example:

A woman's foot was injured in a railroad accident, and her doctor ordered her to use crutches during the healing process. Nevertheless, because she found the crutches awkward, she often hobbled around without them. As a result, a court ruled later that she could not collect damages for being left with a permanent limp.

In another case, a man's failure to consult a doctor for almost three months — despite a serious back injury — barred him from collecting damages for the complications that developed.

Even submitting to surgery might be included in your duty to take care of yourself. If the operation is both simple and safe, a court may find you at fault for refusing to have it.

After all, the law is not forcing you to get well; it merely says that, if you foolishly fail to try, you should not expect somebody else to pay for the consequences.

JOINS BROTHERS — Judith Stasiewicz, 18, sits with her four brothers at Marquette University, Milwaukee, Wis., where she has joined them as a freshman. From rear: Paul, 19, pre-dental sophomore; John, 20, pre-medical senior; Carl, 22, dental senior; William, 23, dental senior. They're Chicagoans.

WON'T LET HIM IN SCHOOL — Stephen Mackey, 14, and his father, Dr. Louis Mackey, a professor at Rice University, seem to take it in good spirit on Stephen's being barred from Lamar High School in Houston, Tex. The principal says Stephen's haircut, called a "Prince Charles," and sandals do not make a proper appearance.

The third series of changes since it was introduced as a 1965 model 17 months ago mark the debut of the Mustang as a 1966. New styling touches — shown on the hardtop model above — include a new grille, simulated suspension wheel covers and side ornamentation. A five-dial instrument cluster and new safety features also are standard for all 1966 Mustangs. New Mustang options include a Stereoconic tape player — shown below — that provides up to 30 minutes of true stereo music or the equivalent of two long-playing records. The tape player is incorporated into the car radio which may be used at any time for news or information simply by removing the cartridge. With three Mustang options introduced in April, the 1966 Mustang represents the second enhancement of the Mustang in five months.

## Some Good Reasons Why 60 Million Women Enjoy Making Their Own Clothes!

The center, which displays everything from the latest machines, through yard goods to the thousand-and-one no-

tions that help make sewing simple, is spectacular for its modern design.

Since it caters to a homely pursuit, the sophisticated setting of this new center seems somewhat surprising until you consider that sewing has come a long way since Grandma ran up a hem.

### Appeals To All

Now, it's a pastime that appeals to career girls.

(Rockefeller Center abounds with them), homemakers, teenagers and all types of women. At last count, some 60 million Americans were sewing away on their own, making clothes and home fur-

Its new single-thread chain-stitch, which looks like straight stitching on top, but is a series of interlocking loops on the underside, zips out with a pull on the thread end. It's the greatest for temporary sewing, which pre-

## Visit Of Pope Paul Will Change Regular TV Programs; Networks Will Give News Coverage

By JACK GAYER

NEW YORK (AP) — Television

viewers may not see too much of the regular Monday programs because the networks will be giving extensive news coverage both day and evening to the New York visit of Pope Paul VI.

The Pope's arrival and various engagements, including a speech before the United Nations General Assembly, an open audience in front of St. Paul's Cathedral and an evening mass for peace in Yankee Stadium, will be among the events covered.

NBC is scheduled to start its coverage of the World Series, both video and radio, next Wednesday, but if a playoff series is necessary to determine the National League champion this series start could be delayed.

Sunday

The significance of the Pope's visit to the United Nations will be emphasized in "Pope Paul VI: New Journey, Ancient Mission" on CBS.

APC's "Directions '65" show the Pope's first of four dramatic programs dealing with epoch-making biblical prophetic confessions.

ABC's "Answers and Answers" will have an interview with U.S. Sen. George J. Murphy, R-Calif.

"The Twentieth Century" report on CBS in "The Future: Past or Future?" a study of technological revolution in American terms.

NBC will present a dramatic special called "America: The Beautiful," dealing with the deterioration of the country's natural resources and urban and suburban blight.

Monday

If the National League baseball season ends in a tie with the out-climbing game Oct. 3, ABC will broadcast the best-of-three playoff series starting Oct. 4.

Michael Landon of the "Bonanza" cast is host for NBC's "Hullabaloo" Oct. 4.

Others appearing include Jackie DeShannon, The Byrds, Chad and Jill, Paul Revere and The Raiders and dancer David Winter.

In "The Islanders" on ABC's 12 O'clock show, the cast welcomes an old friend to the group only to find that she's a bit of a nut.

NBC's "Dr. Kildare" has part three of the six-part serial drama that follows Kildare's first year as a student.

The episode is "Some Doors are Slamming," in which one of the students ditches Kildare.

Tuesday

In "Walk Into Terror" on CBS' "Rawhide," two drivers are trapped in a mine while chasing a bear.

Previously announced and postponed.

ABC's "Combat" adventure is "The Lieutenant," a Signal Corps sergeant's hostile threasure stances of a win-laying mission.

An all-new sporty Ranchero (above) joins Ford Division's 1966 parade of light trucks. Longer, wider and lower, the Ranchero also has additional brown with a pickup box that has been enlarged to a full 69.1 cubic feet. A new custom model blends luxury car features with pickup truck utility. Ford's N-600 medium-duty truck (below) with stake body has a bigger, roomier cab for 1966, with 34 inch of new headroom and more than two inches of additional legroom. A flatter and larger steering wheel and new molded steering headlining are other new features.

## TV CAMEOS: John Gavin

## One Way to Get a Raise in Naval Rank

By ED MISHORELL

"A FRIEND of mine with whom I had been in the Navy called me recently and I told him I had made commander."

banteringly said John Gavin, who holds a lieutenant commander's commission in the U.S. Naval Reserve.

"My friend inquired incredulously, 'How the hell did you do that?'"

"I told him," smiled Gavin, "that I just walked down to Western Costume Company and put on the uniform."

The tall, handsome actor related the anecdote, some days ago when he turned up in New York to plug his new series, "Convoy," which debuted recently on the NBC-TV network.

## The Case Of The Stolen Pennant May Wind Tonight To The Satisfaction Of Dodgers

By FRED DOWN  
UPI Sports Writer

The "case of the stolen pennant" may be wound up tonight to the satisfaction of the Los Angeles Dodgers and the consternation of nine National League rivals.

The light-footed, slight-of-hand Dodgers have cut their magic pennant-clinching number to "two" and it could come up tonight if they beat the Milwaukee Braves and the San Francisco Giants late in the Cincinnati Reds. A Dodger victory would clinch a tie for the flag no matter what the Giants do tonight, Saturday or Sunday.

Their rivals are still saying they don't know how they did it but the Dodgers can point to at least two Giant reasons—pitching Sanky Koussax and Don Drysdale, whose combined total of 46 victories is the most by any National League two-man combination since 1938.

It was Drysdale's turn to overpower the opposition Thursday night and overpowered the Braves in exactly what he did with a three-hit, eight-strike-out performance that earned the Dodgers a 4-0 victory. It was Drysdale's seventh shutout of

the season and marked the second time in a week that he and Koussax have put shutouts back to back.

**13th Straight**

The Dodgers' 13th straight victory, seven of which were shutouts, continued the most amazing season-ending drive since the 1955 Chicago Cubs closed out the season with 21 straight wins. Dodger pitchers have allowed a total of 14 runs in the 13 victories.

The 6-foot, 6-inch, 230-pound Drysdale embellished his 23rd triumph of the season with two hits in three tries and raised his club-leading average to .302. He singled home a run in the Dodgers' fourth, second inning and had another single later in the game.

As usual, the Dodgers used their speed to advantage. Maury Wills' 94th steal of the year forcing a throwing error that led to a run in the fifth and two singles, a walk and a sacrifice fly producing another typical Los Angeles "cheapie" in the sixth.

**210 For Drysdale**

Drysdale, who struck out eight batters raising his season total to 210, didn't allow a hit until Felipe Alou singled in the fifth when Joe Torre's single and Mike De La Hoz's double put runners on second and third with one out but he retired pinch-hitter Gene Oliver on an infield liner and Denis Menke on a strikeout.

Claude Osteen 15-14 is scheduled to pitch for the Dodgers tonight with Dervier Lemaster 6-13 going for the Braves. The Giants have Bob Bolin 12-5 going against the Reds' Sammy Ellis 21-10.

The Giants pulled out a 5-3 victory over the Reds Thursday when Orlando Cepeda hit a two-run ninth-inning home. The big first baseman, who had batted only 31 times previously this season, delivered his game-winning blow after a single by Hal Lanier. Masanori Murakami, working in relief of 22-game winner

Juan Marichal, received credit for his fourth win while 11-game winner Joe Nuxhall suffered his fourth defeat.

The St. Louis Cardinals routed the Houston Astros 10-3 in the only other N. L. game and the Minnesota Twins defeated the Baltimore Orioles 7-6 in the only American League action.

Los Brook and Curt Flood had four hits each and Jerry Buchek drove in five runs with a homer and a double to lead the Cardinals' 19-hit attack which brought Nelson Briles his third win. Chuck Harrison had three hits for the Astros. Jim Kaut picked up his 18th win for the Twins with the help of a grand slam homer by Zoilo Versalles 2-3 innings of strong relief pitching by Al Worthington. The victory was Minnesota's 101st of the year.

### Top Game Pits Hilltoppers With Middle

By United Press International  
Coach Nick Dones says Western Kentucky's "Kiddie Korps" is growing up—and it couldn't happen at a more appropriate time.

The untested Hilltoppers take on Middle Tennessee, also untested, in the top game this week in the Ohio Valley Conference race.

Western leads the OVC with a 1-0 conference record and is 1-6-1 overall. Middle Tennessee has won two nonconference contests. Western's success can largely be traced to four freshmen in quarterback Mike Egan, fullback Dick Moore, guard Rick Zuttermeister and safety Jim Garrett.

**Fresh Is Tops**

"Our freshmen have exceeded all expectations," Dones beamed. "This team has a unique combination of pride and poise."

The University of Louisville, finally back on the winning track after a dismal 1-9 record last year, is after its second victory in a row when it meets North Texas State at Denton, Tex.

The Cardinals defeated Southern Illinois University 13-0 last week and are now 1-1 on the season. UL will have to stop the passing of Corky Edwards and Vidal Carlin who have completed 34 of 76 passes in two games for 368 yards.

Winless Murray will host winless Eastern Kentucky in a battle of the beaters. Eastern lost 28-0 to Marshall University last week and had to forfeit an earlier 35-30 victory over Austin Peay because of the use of an ineligible player.

Despite its winless record, Murray coach Don Shelton rates Eastern as the most improved team in the OVC.

Marshall, a 12-9 winner over Youngstown last week, faces Tennessee Tech at Cookeville, Tenn.

Coach Net Safford said, "However, Marshall coach Guy Penny wasn't pleased at all and said the Eagles will have to come through with a much better performance this week."

"Our offensive line just didn't get the job done against Youngstown and we were woefully weak in the running department," he said.

In other games explosive Kentucky State will be at Wharton, Ill.; College; Georgetown visits Maryville, Tenn.; and Southeastern Texas travels to Centre.

### FIVE DAY FORECAST

## Pete Moore May Be Absent From Hopkinsville Lineup

By United Press International  
Hopkinsville will be shooting for its sixth consecutive win tonight against Madisonville—with all-state halfback Pete Moore and two other starters on the doubtful list.

The 190-pound Moore has been in bed all week with the flu, and coach Fleming Thornton said he was "almost sure" Moore would not see action tonight.

Kenny Lee, Hopkinsville's 210-pound center and quarterback Richard Graham have also had a bout with the bug, but their chances of playing tonight are a little better.

Harrison County meets Clark County tonight in what should be one of the top games on tonight's schedule.

Thomas Jefferson is expected to have an easy time with Durrett tonight in Jefferson County (trip-A action).

Another victory is anticipated for Fort Thomas Highlands who visits

Bellevue, Seneca is expected to have little difficulty with Fairdale.

Henry Clay should add another victory at Shelbyville tonight.

In other top games tonight, Franklin-Simpson meets Mayfield, Henderson City visits Owensboro.

Catholics, Owensboro travels to Tell City, Ind., and Richmond Madison meets Danville on the Admirals' home ground.

Football fans will be watching to see if Louisville Male really has what it takes when the Bulldogs tangle with Flager Saturday night.

Other top Saturday games include Dixie Heights at Newport Catholic and Hall at Evans.

In Thursday night's action the games were one-sided affairs: Mid-

dleboro faced Cumberland 27-6, Pineville ripped Barbourville 46-6, Lynch overwhelmed Wallins 72-7, and London routed Lynn Camp 68-7.

## SEEN &amp; HEARD

(Continued From Page 1)

Jimmy Sullivan, golf pro at the club, in "see-saw" fashion, mounted his trusty truck and chased the intruder from the golf course.

No report was made on how the scores were that day.

The showers yesterday turned into a downpour which gave us an opportunity to try out a raincoat. We see right now we are going to have to get it vulcanized.

Of course it is several years old and probably has lost its rain repellent ability.

The number of Jay Birds seems to have increased a lot for the past several days.

We don't know whether a bunch of them are moving farther south or if it's just incidental.

We are always impressed by the amount of volunteer work which goes on in Murray.

Dropped out Wednesday while the Bloodmobile was here and looked around and realized that most of the workers there were volunteers.

Dr. Jones was down at the far end of the room checking folks and placing on whether the donor should give blood or not. Saw Mrs. Claude Miller and Mrs. Ann Hayes. Mrs. Hopson was sitting at a table receiving the donors as they first came in. Mrs. Pete Purdom, an RN, was checking people's blood. Saw Mrs. Charles March Baker who is a Gray Lady assisting the Red Cross nurses.

These are just some of the folks we recognized right off. There were many, many more whom we do not know, but who were doing a good job in one capacity or another.

We may have recognized more of the ladies there, but they change around so much it is hard to know who they are. Sometimes their hair is up, sometimes down which makes them look like two different people.

If we know a lady we like to speak to them, but if we don't know, we hesitate, so if we are not sure, we just hesitate.

It would create less difficulty as far as recognition is concerned if they looked the same all the time. However it is part of the nature of women to want to look different each time they go out and if they look so different you don't even know who they are this day.

## Bloodmobile

(Continued From Page 1)

In the actual taking of blood. Approximately sixty volunteers were present on Wednesday. Mrs. Hayes said that the operation worked as smoothly as any prior visit of the Bloodmobile.

Local registered nurses were on hand to check the blood donors. Joe D. A. Chairman of the blood program was high in his praise of the Murray State ROTC and Colonel Lance Booth who commands the unit.

Col. Booth and Lt. Col. Parker, Scabbard and Blade Military Society, and members of the corps were cited for their service to the community.

Scabbard and Blade members under the guidance of President Cadet Charles H. Paschall handled the appointment schedule, arranging the schedule so that donors appeared at the proper time. Corps members appeared on schedule so that Red Cross nurses maintained a steady flow of donors through the line where blood was being taken.

Two hundred and seventy-three persons appeared to offer blood, but only 223 were accepted. Persons are turned down for several reasons.

Eat colds, recent illness, iron deficiency, etc. are the most common reasons for rejecting donors. Col. Booth said that Col. Booth and the officers and men of the Murray State ROTC contributed greatly to the local blood program through their cooperation on Wednesday.

The actual amount of blood taken on Wednesday was 167 pints, however 223 pints were taken. This means that the overage may be applied on future visits.

By making its quota on Wednesday, this means that every citizen of Murray and Calloway County may receive blood free of charge when needed. Some operations require several pints of blood and the savings to a county citizen could easily be from \$50.00 to \$175.00 with blood costing about \$25.00 per pint.

As long as the county makes its quota on the Bloodmobile visits, each citizen will continue to be "covered".

## Former Governor Buys Breckinridge Acreage

(Continued From Page 1)

CAMP BRECKINRIDGE, Ky. (UP) — Former Gov. and U.S. Sen. Earle Clements paid \$35,000 for 48 acres and a 24-story house on old Camp Breckinridge.

The land was auctioned off by the General Services Administration. The residence Clements bought is known as Crestwood and the land borders his farm in that area.

The GSA auctioned off almost 4,000 acres for a total of \$1,053,500. Former owners of this land had tried to block the sale, claiming they should have first right to repurchasing it.

The suit twice came before federal court and was dismissed both times.

## WHEN MOTHER IS ON THE PHONE

Do your preschoolers get into mischief or disappear when you're telephoning? A national magazine suggests a "gadget bag" to divert them and keep them busy. Just fill a discarded large pocketbook with on-the-way items such as a chain bracelet, alarm clock, measuring spoon, sippers, and other odds and ends. Whisk out the pocketbook (you can keep it in a drawer near the phone) and you'll be able to converse without interruption, all the while keeping an eye on your contented youngsters as they sit near you on the floor playing with the contents of the "gadget bag."

ONE IS ADOPTED—Jane, a crowned Labrador, looks complete in London as she sets the table for her six pups and one tiger cub. The cub's mother was indifferent, so the London Zoological Society found Jane.
